She's so Now

Fashion queen Victoria

It's been eight years since Spice Girl Victoria Beckham swapped the dancefloor for fancy dresses and launched her super-successful fashion line. Last weekend she showed off her latest AW16 collection at NY Fashion Week, impressing fashionistas yet again.

We're still waiting for Victoria, 41, to work with a high-street brand so we can look Posh, too. But she's got her perfectly manicured hands full with work, four beau-ti-ful kids *and* the sexiest man in the world. Hello, David! Victoria, you are one lucky lady.

'WE HAD A CHEEKY SNOG'

Amy Childs on her night out with Sam Reece

She was spotted snogging the face off model Sam Reece, 23, at London's Freedom Bar, last week – just hours after Stephanie Davis, 22, revealed on TV that she'd dumped him by text – but Amy Childs insists they won't be the next celebrity couple. 'It was just bantz and a cheeky snog, nothing more!' Amy exclusively tells *Now*.

Sam first hit the headlines in January after Stephanie, his girlfriend

of a year, entered the Celebrity Big Brother house. Despite saying that she could see herself marrying Sam one day, she quickly developed a relationship with model housemate Jeremy McConnell, 25.

Following the recent finale of the show, Steph's made several shocking claims against her ex of cheating – which he's strongly denied – and has made her relationship official with Jeremy. It's hard to keep up!

Pete Wicks & Gemma Massey

'It's a fairly new thing and he really likes her,' a source close to TOWIE star Pete, 26, tells us after we spotted him sneaking into the London premiere of How To Be Single with glamour model Gemma, 31. As they crept past A-listers including Rebel Wilson and Dakota Johnson, Pete pulled her close and sheltered her from the rain – what a gent.

Idris Elba & Naomi Campbell

Newly single Idris, 43, has been spotted on a night out with supermodel Naomi, 45, after reportedly 'moving out' of the home he shared with the mother of his child, Naiyana Garth, 28. Cheryl & Ashley: making plans TOGETHER!

Will the former couple be California dreaming once again?

While together, the pair hoped to raise a family in the US

The City of Angels has been the focal point of countless dreams and Cheryl Fernandez-Versini and Ashley Cole are no exception. During their six-year relationship, the pair would often discuss moving to LA once Ashley's football career was over.

While Cheryl had dreams of building a singing and acting career, Ashley, who hated being in the public eye, craved the anonymity that would come from living in a country where soccer's still a niche sport.

Together, they pored over real-estate magazines and websites,

dreaming of the house they would buy in the Hollywood Hills, and talked of bringing up children there.

Because of Ashley's

infidelity, it was a wish that never came to fruition. But separation did nothing to dim their mutual love of LA.

Ashley holidayed there every summer, renting a house for two months at a time. Meanwhile, Cheryl was pursuing her showbiz ambitions. She linked up with Will.i.am, spending time at his sprawling Los Feliz mansion.

Business-minded Cheryl also bought herself a condo in Capital City (the entertainment hub of LA) and even when her US X Factor dream turned sour, she made a decent return by renting it out to Paula Abdul. Throughout this time Cheryl continued to spend a large chunk of time in LA every year, usually in the spring when her workload eased off.

Fast forward to 2016 and Ashley, 35, has just moved to the city, having been signed by LA Galaxy, famously David Beckham's former club. Interestingly, he was offered more money to go and play in China, but opted to go to LA. The scene is set, then, for an emotional reunion.

YOUNG, FREE AND EXPECTING?

Life, however, is not that simple. Cheryl, 32, is busy seeking a divorce from second husband Jean-Bernard Fernandez-Versini, 34, while Ashley has

struggled to maintain a long-term relationship, let alone marry.

That hasn't held him back on the fatherhood front – his first child is due in a matter of weeks. Sharon Canu, the Italian model he met while playing for his previous club AS Roma, is so heavily pregnant that flying 6,000

miles to LA to give birth is impractical. So while Ashley's looking for a house with room for a state-of-the-art nursery, nobody knows when the baby – let alone its mother – will be there to see it.

To date, Sharon's relationship with Ashley has been low-key, in contrast to his life with Cheryl, and they've only been photographed together once. In practical terms, the pair

Ashley's relationship with model Sharon Canu – who's having his baby – has been low profile

♥ aren't living together and there's some question over whether she'll move to the US once the baby arrives, too. A source close to Ashley, tells Now: 'She wants to be with her family and Ashley's not sure she'll make the move.'

The news that Ashley was going to be a father would have been a massive blow to Cheryl. In 2010, she admitted that coming to terms with the fact they would never have children together was what hit her hardest about their split. 'It's the broken plans you've made that are the hardest to get over,' she revealed. 'Ashley and I would talk all the time about starting a family.'

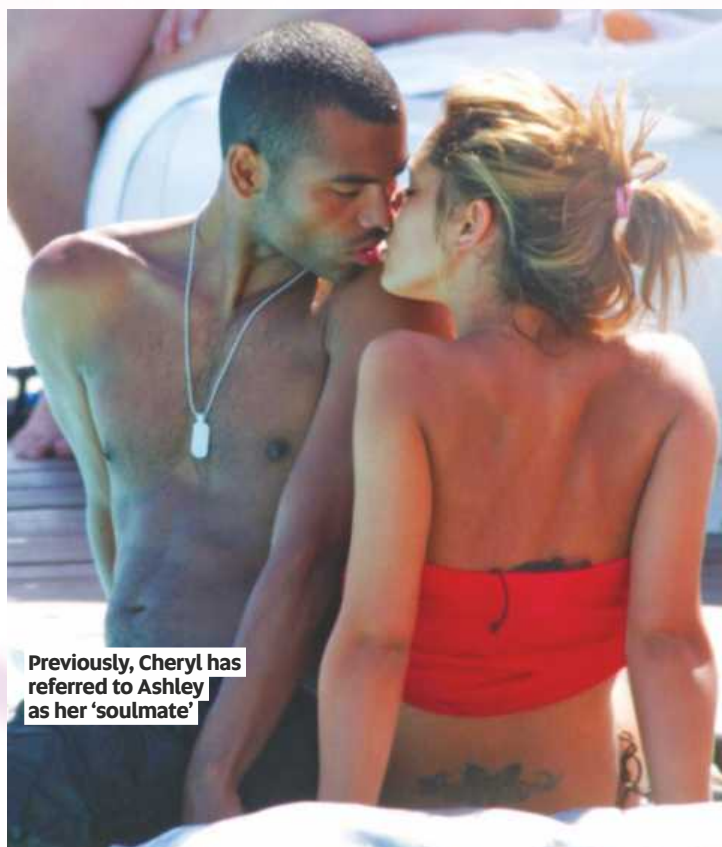

How, then, can their friendship be salvaged from the wreckage?

Now can reveal that when

Ashley learnt he was to be a dad, he contacted Cheryl, although her initial response is understood to have been icy. Given what we know now – that she was trying to salvage her imploding marriage – this is hardly surprising.

Since the split became public, Ashley has become an unlikely source of support for Cheryl. 'The difference now is that Ashley's no longer the big, evil guy stamping on her heart,' says our insider. 'He's matured and Cheryl's happy just to have him in her life again, one way or another.' In fact, Now understands that the pair have been messaging each other a lot and have already made plans to meet up in Los Angeles.

'THE SEEDS HAVE BEEN SOWN'

Previously, Cheryl has referred to Ashley as her 'soulmate'

HIS MOVE

Ashley is having his fleet of cars shipped over to the US and is looking for a home in an area that happens to be a stone's throw – an 11-minute drive, in fact – from Century City, where Cheryl has her £3.5 million condo. How convenient.

HER MOVE

Cheryl has a wide circle of friends in LA. She's earmarked 2016 as

a 'comeback year' and is writing music. With this likely to be the final year for the current incarnation of The X Factor, there's a sense of 'now or never' about the recording process.

Cheryl is certain that putting a smile back on her face will help her to bounce back from the issues that have seen her shed an alarming amount of weight. 'If it isn't a laugh, it isn't worth doing,' is her motto and nowhere, in Cheryl's view, is it easier to have fun than in sunny LA. And if that fun includes a man you've considered your soul mate – whether as friends or who knows what? – then it's a win-win situation.

MAKING PLANS?

For both Cheryl and Ashley, this is a new chapter. No longer afraid to look towards a future without familiar crutches (in his case football, in hers, the comforting embrace of the Simon Cowell juggernaut),

the world is their oyster.

And the fact remains that they both want the same things out of life: travel, adventure, love and contentment. Both are looking for the right collaborators to help them move forward and both harbour ambitions to move into the management side of the music industry – in Ashley's case, mainly as a financier.

Last, and by no means least, they've both found a way of reassessing their past. Issues that might once have seemed like a millstone around their necks have lost their significance. For Ashley, fatherhood has shown him there can always be new beginnings, regardless of what's gone before.

For Cheryl, renewed heartbreak has taught her that barely anything can be taken at face value. The people she saw as her saviours proved to be anything but, while the supposed villains of the past have only served to make her stronger.

We've been here before – not least five years ago when, to everyone's surprise, Cheryl invited Ashley to her 28th birthday party. That was a false start, but the seeds were sown for a more long-term rapprochement. Today, they're on better terms than they've been in years. Both older, wiser and infinitely more resilient, who can predict what will come next?

In the end, it all seems to depend on one question: do you believe in fairytales?

He's been settling in at his new club LA Galaxy

ADELE, 27

Enjoying a rare night out last week in Malibu with her boyfriend Simon Konecki, 41, there was something very different about Adele. Despite trying to hide her mouth as they exited a restaurant, it was obvious the singer's face had

changed. One fan posted: 'Our Goddess has succumbed to the pressures of Hollyweird.'

Cosmetic surgery expert Jonquille Chantrey tells *Now*: 'Pouting totally changes the look of the lips. However, the shape of Adele's mouth appears more defined, as does her philtrum – the groove above the Cupid's bow. There's more volume from the centre of the lips to the edges.'

And it's not just Adele who appears to have had a helping hand in the pout department. According to Jonquille, these celebs' lips have altered dramatically too – and not always for the best...

'After dramatic weight loss, the lips' supporting tissues usually drop, making the mouth appear smaller. Although Lauren has used some clever make-up, it's likely she's also had lip filler injected into the vermillion border – the lip line – to create fullness.'

'Charlotte's said: "They used to be thin and I had no top lip. Now they're perfect." Her lips have been totally reshaped by treating the border and Cupid's bow. This increases the height and volume.'

'Khloe's exaggerating her pout and has over-drawn her lip line. However, even then, it's difficult to achieve such volume in the body of the lip. It's likely lip fillers have been used.'

KYLIE JENNER, 18

'Despite previously protesting that her swollen lips were merely the product of make-up, she's admitted to having lip-fillers. This is a clever combination of both.'

SNOOKI, 28

'It's clear Snooki's had filler injections. To achieve this amount of fullness, the lip tissue needs to be plumped out and lifted over several sessions.'

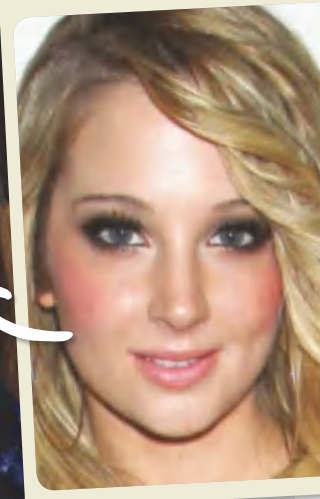

KESHA, 29

'Both lips appear bigger, her upper lip in particular. The ideal proportions are that the lower lip is fuller. Despite this, many women want equal-sized lower and upper lips.'

TULISA, 27

'She admitted to having her lips done a couple of years ago. Not only have her lips increased in height but they've also broadened. This alters the proportions of her cheeks and gives the appearance of a wider smile.'

She recently issued a warning to her fans about the dangers of cosmetic surgery after having her 32GG breast implants removed. But it seems Katie Price has no such fear of going to see a cosmetic surgeon again.

Now can reveal the mother of five is booking in for a 'crazy blitz of cosmetic procedures' after obsessing over her appearance on Loose Women.

A source says Katie had a meltdown over her looks, telling friends: 'I look like an old lady.'

'Katie has been poring over footage of herself on Loose Women,' said a friend of the star. 'She's convinced that she looks old and haggard and keeps slagging off her looks to her family and friends.'

'As usual, they're all telling her she's being paranoid and there isn't a line on her face, but she won't listen. It's all wrapped up with her freaking out over turning 38 in three months as then she's only two years away from her milestone 40th.'

Despite her friends' assurances that she looks great, the former glamour model is determined to take action now and is booking in for dermabrasion, chemical peels, laser tightening and Botox. The source says Katie – who's undergone numerous cosmetic procedures including seven boob jobs – wants Botox to get rid of the crow's feet around her eyes, but she also has plans to go one step further.

'Katie wants to rejuvenate the actual eyelid skin with combined laser resurfacing – but only highly qualified eye surgery experts are equipped to carry this out so it's something that will take planning and time for a long-lasting result,' claims the source.

The star's also reportedly told pals she 'hates' her mouth and is planning a series of expensive clinical grade peels. 'She says there are wrinkles around it at the corners of her lips and it's really obvious on TV.'

'To tackle this, she's booked in for dermabrasion and chemical peeling. In both of the methods,

KATIE FREAKS OUT OVER HER 'OLD LADY' FA

The Loose Women star plans a full overhaul to turn back the clock

the upper layer of the skin is removed for a new layer to grow,' the source continued.

Last Monday Katie published a throwback photo on Instagram of herself with dark hair from ar five years ago. She captioned the image: 'Good morning #kpnation Happy #memoriesmonday.'

But shortly after posting the photo she had her tumbling blonde curls lopped off into an ear-skimming choppy bob. Katie captioned a photo of her sassy new do: 'Omg never been this short. Lucky I trust @itsdash.'

Despite her youthful hairstyle, the friend says Katie's also moaned her skin is 'too soft and saggy' around her cheeks and mouth and has booked in for a course of laser skin tightening, which uses an infrared light source to heat the skin and increase collagen. But optimal results usually require two or three treatments around a month apart – which means she'll be running back to the clinic every month.

The big procedure that Katie's apparently most keen

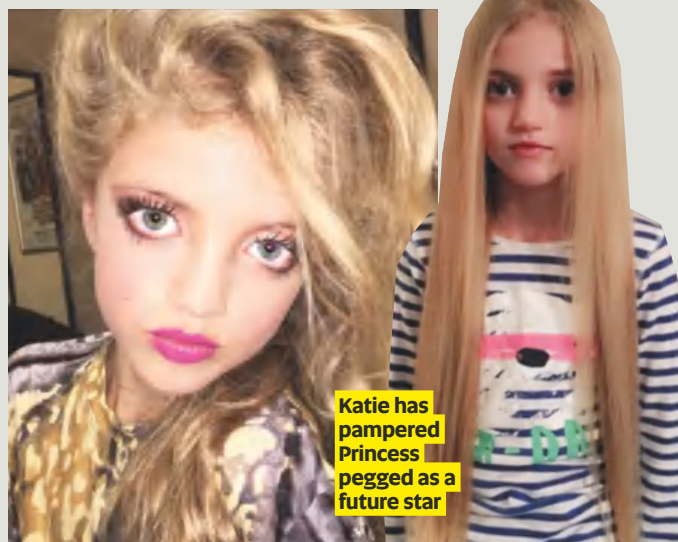

on is an IPL laser peel, but the source says doctors will only allow her to have one every six months, as they can be hard on the skin.

'Kate thinks she needs it to get that younger look,' explains the insider. 'The treatment will include high-density focused ultrasound, which delivers precise energy to the face to create a natural "lifted" look that rejuvenates without changing her features.' We think you look great just as you are, Katie!

'KATIE LONGS TO LOOK YOUNG'

Katie spends £1,000 a month on beauty products for Princess!

She's already come under fire for letting her eight-year-old daughter wear make-up. But sources say Katie's spending up to £1,000 a month on beauty products for Princess to experiment with.

'Katie's constantly buying Princess top-of-the-line make-up and skin creams, from Dior to Chanel, and it's adding up to thousands a month,' said a source. 'Katie has trouble saying no because she feels like she

has a future star on her hands, but friends think it's going to ruin the poor girl.'

Last year, Katie signed her daughter up to a modelling agency after revealing her daughter goes to castings and would love acting or panto work. The source adds: 'Princess wants to be like her mummy. And Katie's always been clear that she's not a hypocrite so would allow her to have surgery – but not until she's 21.'

PAUL KISSES HIS MUM ON THE LIPS

And not just a quick peck. Mrs Knightley got a full-on, lingering kiss from her son. To be quite honest, it felt like we should have averted our eyes due to the intense intimacy. 'I think she's extremely proud of the man she's made me into,' gushed Paul.

CUTE CLOTHES GET THE HEAVE-HO

Sam and Paul decided they were only going to dress the baby in white. Given the amount of times a baby vomits and poos in any one day, we thought that was a brave choice. However, while Sam was happy to add some cuteness to her little bubba's outfits, Paul was having none of that malarkey and made her take a bunch of adorable baby clothes with wings and any extra flair back to the shop. Doh.

WORLD OF ER BOYFRIEND

'And don't forget me!'

Baby Diaries documentary was one hell of an eye-opener

'I CAN'T COOK. THAT'S WHAT SAM AND MY MUM ARE FOR'

The show kicked off with Sam making boyfriend Paul's breakfast – organic porridge – as he watched and made it clear that it *had* to be creamy like the Ready Brek he's used to. Later, he moaned that the spaghetti Bolognese his pregnant girlfriend had prepared for him was 'too watery,' and then let Sam – we repeat, *his pregnant girlfriend* – do the washing up while he put his feet up. At the end of the show, after the birth of their son Paul, Sam was breastfeeding when Paul senior asked her to make him beans on toast. 'I feel like I should learn to cook,' confessed Paul, 27. 'But I'm not ready.'

THE ONLY WAY IS HOME BIRTH...

Paul and his mum were determined to make Sam opt for a home birth, but the mum-to-be and her family had reservations about the idea, saying they were worried about the complications that can sometimes arise during labour. At least Paul had a solid reason for wanting the baby to be born at home: 'We can change the sheets afterwards and get straight into bed,' he said.

'I FELT LIKE I GAVE BIRTH TO THE BABY'

Sam started off having a home birth, which gave Paul the chance to have a nap, but ended up in hospital when her labour went too high risk. Once the baby was born, daddy Paul hopped onto Sam's bed to have another nap. 'I feel like I gave birth to the baby,' he complained.

WHAT SAM SAID POST-SHOW:

'Wow, Paul really is getting some stick! But he's the most caring, loving man I know and the best daddy to our baby. Also, I'd like to add that this is the man

'I'll kiss my baby boy on the lips forever'

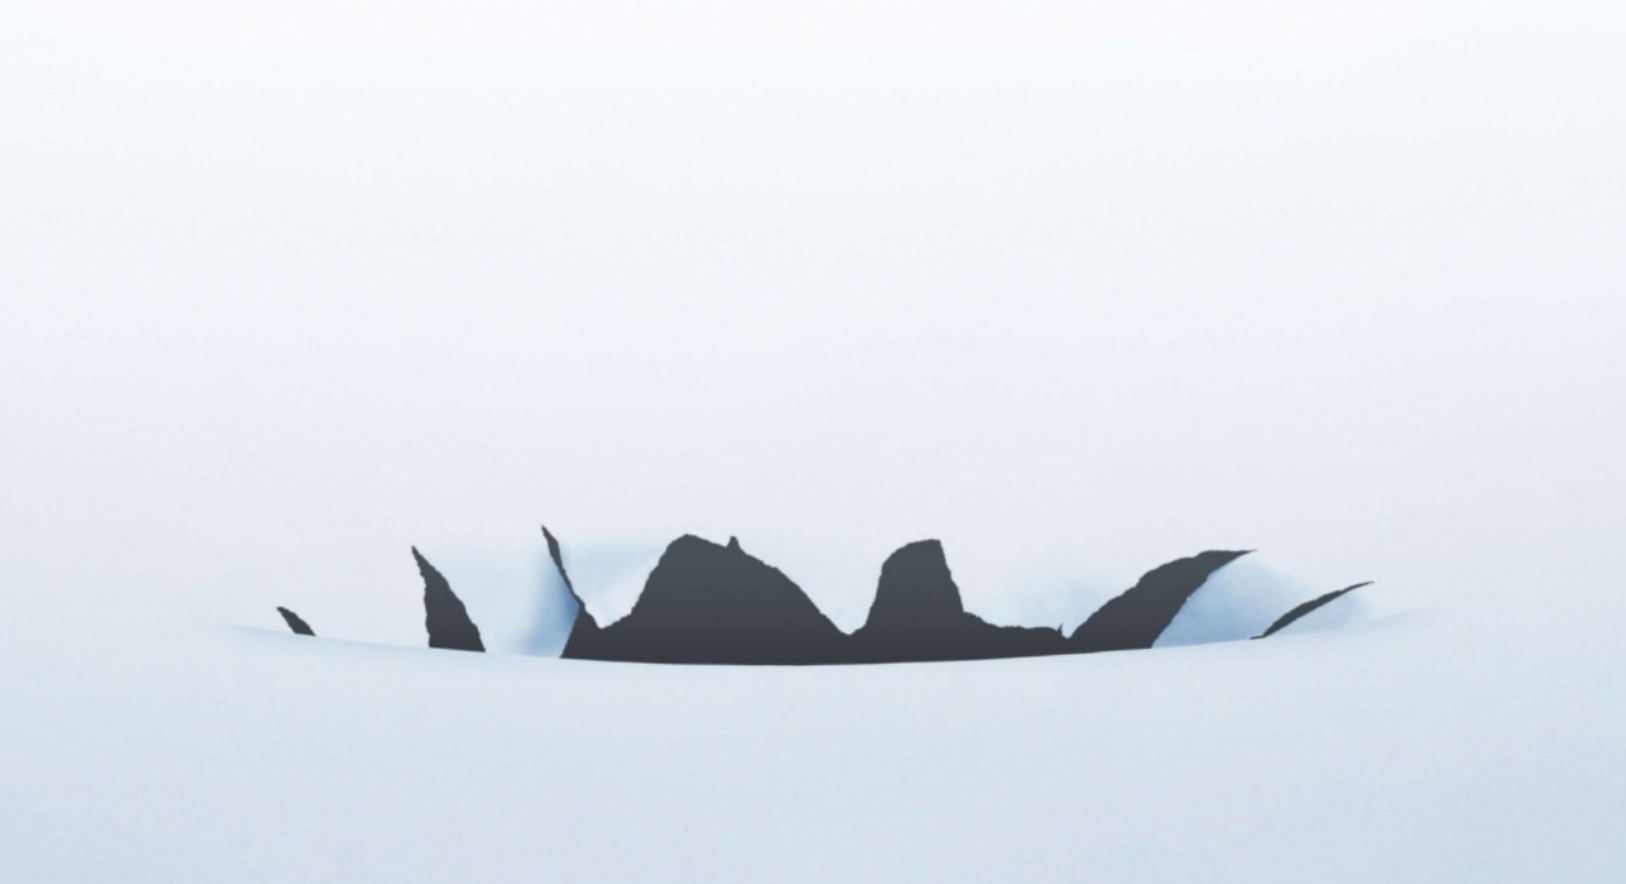

WHAT PAUL SAID POST-SHOW:

'...

who got me better from Crohn's disease. He spent months studying and researching to find me alternative natural medication. He's my hero.'

Félité has defended Briana in the past

Félité adds fuel to family rift rumours...

DOES LOUIS' SISTER THINK BRIANA'S A GOLD-DIGGER?

There was drama between Briana Jungwirth and Louis Tomlinson even before their baby Freddie was born. And now it looks like the family upsets are continuing.

With unsubstantiated reports swirling around the press that aspiring stylist Briana, 24, will be asking for £10,000 a month from the One Direction singer, also 24 – in keeping with the Los Angeles income-assessed form of payment

– she was branded a ‘gold-digger’ by fans. And if the subtle yet effective means of an Instagram ‘like’ is anything to go by, Louis’ half-sister Félité, 15, appeared momentarily to agree.

When an Instagram user called @harryxhoran_ posted a pic with the caption: ‘It’s seriously disgusting how Briana’s family are asking for 21 million dollars for this baby and they’re still not happy. I really hope Louis doesn’t pay that much. Urgh I hate gold diggers!’ [sic] Félité appeared to ‘like’ it, then quickly ‘unlike’ it.

Despite there being no evidence to support the user’s allegations, Instagram commenters were sent into a spin, debating whether Félité meant to add her support to the controversial caption.

Some took it as evidence there was yet more trouble between the families, leaving comments like: ‘Something big and important is coming... we just have to wait and see what happens.’ But others felt it was an accident, saying: ‘I don’t think she is going to be liking pics on IG to clue fans in, @Felicitegrace keeps her brother’s life pretty private (as does he).’

Even @ajshairandmakeup, Briana’s cousin Ashley Jessica, waded in, saying: ‘Every sentence in this is false. Felicite is wrong.’

This isn’t the first time Félité’s used Instagram to speak about Briana. But in the past she’s come to her defence, lashing out at those who ‘slut shamed’ her and claimed month-old Freddie was the result of a one-night stand. ‘It wasn’t a one night [stand], but even if it was, why is that a bad thing?’ she wrote. ‘Her and Louis are both

adults and can do whatever they want with their bodies. I don’t see you condemning anyone who looks up [sic] for Louis. Why? Because he’s a boy?’ Regardless of whether Félité liked the picture on purpose, some 1D fans will now be upping the cyberstalking ante...

Félité ‘liked’ this comment criticising Briana, but was it by accident?

It’s seriously disgusting how Briana’s family are asking for 21 million dollars for this baby and they’re still not happy. Urgh I hate gold diggers!

DAVID & AT WAR 'SPOILT'

'HE'S AT SUCH A CRUCIAL STAGE'

Burberry backlash sees

Just a skim through Brooklyn Beckham's Instagram shows that not only does he have his mum's pout, but also an eye for photography. And while his shots can certainly raise a few impressed eyebrows, no one was expecting the first photography gig he landed to be with Burberry.

Shooting the iconic British fashion house's fragrance campaign was a dream come true for the 16-year-old, but the family were left shocked when the internet responded angrily to the 'unfair' jump to the top David and Victoria's eldest had. One leading photographer called the move 'a devaluation of

photography' that showed a lack of respect for hard-working photographers, while another labelled it 'infuriating.'

And it's not just the fashion world that's found Brooklyn's mega opportunity controversial. It's also caused trouble at home, with David, 40, and Victoria, 41, fighting over how their son approaches his career.

'David and Victoria are at loggerheads over what to do with Brooklyn,' a family insider tells us. 'He's at such a crucial stage of his personal development and they have differing views

over how best to proceed.'

Although the couple have agreed on decisions regarding raising their children in the past, their own contrasting upbringings are now having an impact on their parenting. 'David wants to allow Brooklyn to "stay young" for as long as possible and not worry

about career issues,' says our source. 'But at the same time he wants his son to learn the value of money and not to assume he'll be handed everything on a platter.'

'In David's terminology, he doesn't want Brooklyn to be a "silver spoon" kid. David grew up with nothing and worked

his way to the top – there's a lot to be said for that. But Victoria, who had millionaire parents and was very much indulged as a child, wants to bring Brooklyn on board Brand Beckham right away. Hence the Burberry photography contract, which was as blatant an example of nepotism as you'll see.'

According to our source, the biggest bone of contention comes from David being sensitive towards the outside world viewing Brooklyn as 'spoilt' and all their efforts to raise grounded children being undone. 'Victoria thinks it's great, but David thinks it's not going to be good for Brooklyn in the long run,' says the insider. 'He doesn't want people thinking his son's spoilt. So far, they've done a great job of bringing up well-mannered kids who are a credit to them.'

'But Brooklyn's only human and with everything coming to him so easily, David's worried that he'll take it for granted and get lazy. There's a major difference of opinion right now and the arguments are only going to get worse.' Hmm, can't they just send him back to work in that coffee shop in Notting Hill and be done with it?

The couple aren't seeing eye to eye on their son's future

INSIDE MILEY & LIAM'S NEW LOVE PAD

It's early days but they're already serious

They've only recently reunited but that hasn't stopped Miley Cyrus from speeding up her romance with Liam Hemsworth. The star has splashed out on a £1.7 million property in an exclusive enclave tucked away in the mountains just above Malibu's Paradise Point area. The house, with two acres of gardens, is not only in the same neighbourhood as the £4.7 million multi-acre mini-compound that Liam bought in 2014 – it's right next door.

The 23-year-old pop star – who's just signed up to be an adviser on the next season of *The Voice* – bought the four-bedroom pad from TV host and Haribo spokesperson Thomas Gottschalk. While we're sure Miley will put her own stamp on it, that hasn't stopped us from taking a cheeky peek...

BEDROOM

More mirrors for Ms Cyrus to prep for selfies and room for her six dogs in that super-king-size bed... oh, and Liam too!

HOUSE

The bungalow's set in a gated community near Paradise Point in Malibu

KITCHEN

Miley's marble-topped kitchen has us drooling with envy – spesh as she'll probably just use her oven for storing shoes

LIVING ROOM

Plenty of space for Miley to twerk her heart out. That wall map could be useful to remind her boy of his home country Australia...

BATHROOM

With his 'n' hers mirrors, there's more than enough tooth-brushing space. Failing that, the house has another two bathrooms

DINING ROOM

Isn't Miley more likely to be found dancing on that table than serving up lavish suppers for her friends?

Kylie seems like a young woman on the edge

Is her relationship with Tyga too much to handle?

KYLIE CLOSE TO A MELTDOWN

- Porn-obsessed boyfriend
- Distorted body image
- Fights with Blac Chyna

A teenager crying over her first serious relationship is hardly unusual. However, on the latest episode of KUWTK, Kylie Jenner, the youngest of the Kardashian clan, was inconsolable over relationship issues with Tyga, 26, and seemed like a young woman at breaking point.

And now close friends have told *Now* that Kylie is dealing with *far* too much for someone so young – from her boyfriend's questionable behaviour to her headline-hitting parents' divorce and her father's sex change.

'Kylie's too young to be dealing with it all,' a worried friend tells us. 'She's in a very public relationship with an older guy who makes porn movies, has a kid and hangs out in strip clubs. Her parents' divorce couldn't have been more traumatic, with her dad deciding he wants to live out the rest of his days as a woman.'

To add to that, Kylie's obsessed with the way she looks as she's photographed so much. 'The fact that she's dabbling in surgery at the tender age of 18 is evidence that all is not

right for Kylie,' says a friend, who adds that her relationship with Tyga is not helping.

'The guy's obsessed with porn and it's had a massive impact on Kylie's self-image. She's totally upped the bikini selfies – and her

Tyga can't do a thing wrong in Kylie's eyes

make-up's more like a porn star's.'

Rumours of infidelities are also crushing her confidence. 'The situation with Tyga is a lot worse than anyone realises,' explains an insider. 'He can't do a thing wrong

in her eyes, even with all the text messages he's been sending women being published.'

Kylie is also at loggerheads with Tyga's volatile ex-fiancée

Blac Chyna, who's now dating her brother Rob Kardashian. 'She's finding it hard

to play stepmom to their kid when she's barely an adult herself,' our source adds.

With so many battles, Kylie's becoming increasingly solitary. 'She's locked herself in her own mega-mansion away from her family, but she's not coping at all without that daily support,' explains our source. 'She's seeing people less and less and rarely returns anyone's calls. Despite her mom always wanting to be there for her kids, Kris is also focused on her toyboy Corey Gamble and trying to boost ratings on the show.'

Friends are now concerned that Kylie's following an all too familiar path that destroys so many child stars. 'It's a lot for a teenager to deal with. Not even Britney Spears or Lindsay Lohan were coping with this kind of hell when they were 18. She's crumbling. Kylie's been somewhat forgotten about amid the madness of that family. She's on a fast track to an epic child-star meltdown.'

She's upped the bikini selfies since going out with Tyga

NEED TO *know* NOW!

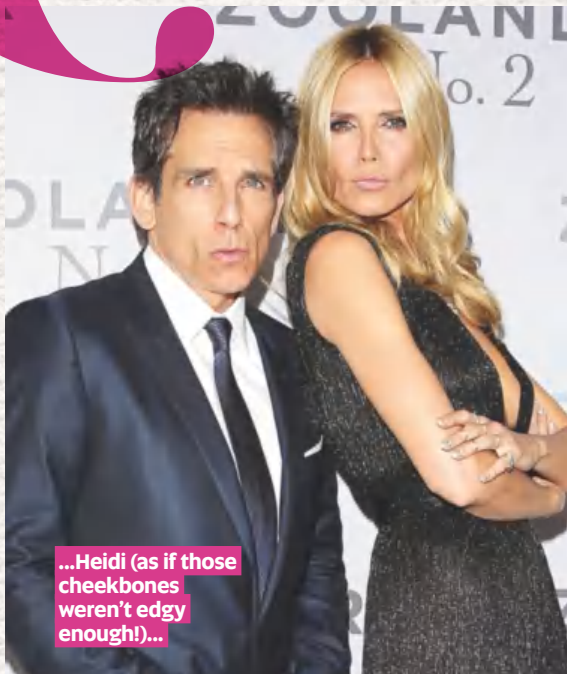

All the news, none of the snooze

Nominations for the best Blue Steel are: Gigi (centre right)...

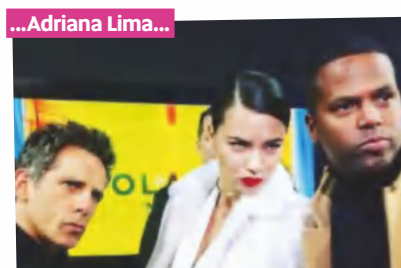

Cara got hers on to promote the movie, too

...Heidi (as if those cheekbones weren't edgy enough!)...

...Penélope...

...Adriana Lima...

So that was the week **EVERYONE** did their best **Blue Steel** (including Ben Stiller's 10-year-old son)

The original Blue Steel, modelled by Ben and Owen

What better excuse is there than the Zoolander 2 premiere for celebrities to treat the world to their razor-sharp cheekbones, most voluminous trout-pouts and broodily arched eyebrows? None, is the answer.

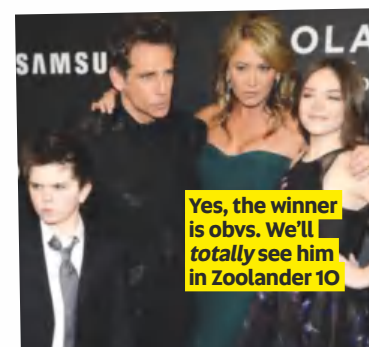

Ben Stiller and Owen Wilson's sequel to the hilarious modelling flick attracted celebland's finest to walk the purple carpet in New York City last week and rock their

very best Blue Steel – the iconic pose created by Ben's character, model extraordinaire Derek Zoolander.

Oh sure, most of them nailed it, but sorry Cara Delevingne, Gigi Hadid, Heidi Klum, Penélope Cruz, Justin Theroux, Jennifer Aniston et al... Ben's 10-year-old son Quinlin knocked you all out the park by throwing a Blue Steel so on point in every picture, the only thing that can explain it is sheer genetics.

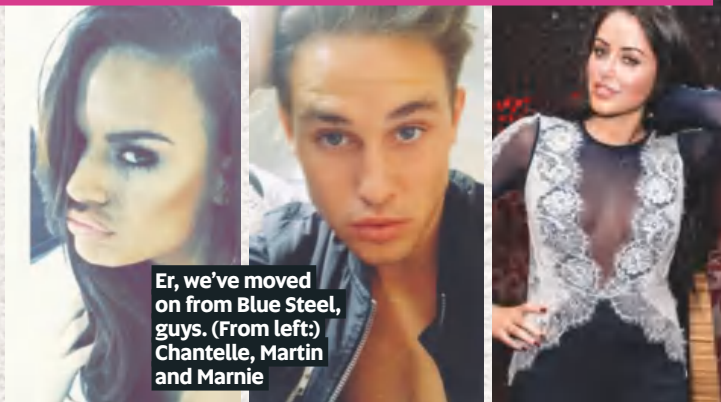

...and Ben's son Quinlin, supported by mum Christine and sister Ella

Yes, the winner is obvs. We'll totally see him in Zoolander 10

GEORDIE SHORE GETS THREE MORE

Er, we've moved on from Blue Steel, guys. (From left:) Chantelle, Martin and Marnie

Just in case you were worried Geordie Shore wasn't quite wild enough, season 12 is going to have three new housemates thrown into the mortal mix. We've got 26-year-old Chantelle Connelly, who's a Newcastle nightclub-scene veteran and a proper 'feisty lads' lass',

21-year-old Martin McKenna, AKA Marty Mac, who describes himself as a 'boisterous ladies' man' (see a theme?) and... MISS. MARNIE. SIMPSON. Yup, the 24-year-old GS fave is making a shock return to the show after splitting with fiancé Ricky Rayment and promises to 'tear the place up'.

They split in 2013 after two years together

LUCY & MARIO BACK ON?

"People who are meant to be in each other's lives will always find their way back to each other. They may take detours in life, but they're never lost."

Wonder what Louis makes of being a 'detour'!

Louis Smith's side of the bed isn't even cold, but 24-year-old Lucy Mecklenburgh's ex Mario Falcone, 27, is already making a very public move by instagramming this not-so-cryptic message: 'People who are meant to be in each other's lives will always find their way back to each other.'

They've been mates for years but started dating in December

DAISY GIVES THE LOWE-DOWN ON THOMAS

She looks blissfully happy with her new man, Peaches Geldof's widower Thomas Cohen, 25, but Daisy Lowe, 27, isn't ready to get hitched just yet. 'I'm a traditional

girl. I'm not ready any time soon, but yeah, of course my whole family wants that. They want me to get married, they want to have grandchildren,' she says. Aww!

In a bizarre radio phone-in, Lily Allen, 30, who's rumoured to have split from husband Sam Cooper, 37, declared that instead of maths and science children should be taught about 'the dangers of marriage' and get 'an introduction to divorce'. We'd rather they learned how to count, actually Lils.

The hottest news from over there is in here

Now

Yo, God, Imma let you finish, but...

Kanye West's album is finally here and your life has changed. Maybe. Well, Kanye thinks it has, so be a lamb and

humour him – you know how he gets. Because Kanye, 38, is his own No 1 fan, he was aware how hotly anticipated the album has been, is in awe of his own talent and has been saying a lot of things about it that are completely sane and not at all hyperbolic. Ahem...

On his buddy God...

'I'm only doing two per cent of the work, God is doing the rest.'

His deceased father-in-law Robert Kardashian's been helping out too.

'He's doing deals for controversial black people up in heaven.'

However, God might want to cover his ears.

'This is a gospel album with a whole lotta cursing, but it's still a gospel album and it's the gospel according to Ye. It's not exactly what happened in the Bible, but it's this story idea of Mary Magdalene becoming Mary.'

And don't you even think of wishing him luck.

'I'm offended by the word

"luck" for the amount of work that I've put in.'

But who needs luck when you've made the best album ever?

'This is not the album of the year. This is the album of the life. So happy to be finished with the best album of all time.'

Oh actually...

'Out of respect for Q-Tip, Puff, Hov, Lauryn, Pharcyde, Mary, Stevie, Michael, Hendrix, James, Pete Rock, Pac, Marvin... this new album is ONE of the greatest albums not the greatest just one of...'

Whatever happens, it'll be a celestial experience:

'I want to give ultra light beams.'

Um, thanks, Ye.

MELISSA MCCARTHY'S GILMORE GIRLS SNUB

Melissa won't be rejoining her co-star Lauren Graham on the show

When Netflix announced it was making a new series of *Gilmore Girls*, the internet went into meltdown – especially when *nearly* all the cast confirmed they'd be returning. But where's super-funny lady Melissa McCarthy, who played Sookie? Does she reckon she's too famous for it all now or something? Um, no... When a fan tweeted to ask her to come back to Stars Hollow, Melissa, 45, replied: 'Thanks for the invite, but no one asked me or Sookie back to Stars Hollow.' Awkward.

TAYLOR'S INTRUDER FEAR

One of the *major* downsides to being famous is that you can attract some seriously strange behaviour from fans. Police recently arrested a man outside Taylor Swift's Bel-Air mansion who was dressed in army fatigues and acting suspiciously. It's not known if the 26-year-old was home at the time, but cops were seen liaising with her bodyguard.

Katherine Kelly: 'Go back to Corrie I don't watch it!'

Happy Valley star Katherine talks to Now about why she won't be returning to the soap that made her famous

After a year off work following the birth of her daughter Orla, two, actress Katherine Kelly has burst back onto our screens in a pretty big way. She's stolen the show in no less than three of our favourite programmes: as Baroness Elsa Schraeder in ITV's live broadcast of *The Sound Of Music*; Lady Mae Loxley (now known as Lady Mae Rennard) in the fourth series of period drama *Mr Selfridge*; and, currently, in the second series of BBC1's hit drama *Happy Valley*.

But it's not all TV sets and on-screen drama for Barnsley-born Katherine. Here, in our exclusive interview, the 36-year-old – who married Ryan Clark in 2013 – reveals that family will always come first and tells us why she's not planning to return to *Coronation Street* any time soon...

Hi Katherine! You're never off our screens at the moment. How do you find time for yourself?

Well, I had a year off; I wanted a long maternity leave. I just felt

like that was right for us. I went straight to RADA when I was 18 and never had a break, which I'm incredibly grateful for, but I

never had a year out or anything so I thought: 'I'm going to enjoy just being a mum.'

Who looks after Orla when you're at work?

We've kind of managed to make it work between us. A friend's

nanny comes in a few mornings a week, my mum and sister help and we've got nursery a few afternoons a week. My

husband Ryan is brilliant with Orla – he's really hands-on. He's self-employed as well, so we can just sort of get our diaries together. We still go out, but we always bring Orla with us and she's really sociable. She always wants to be out and about all the time – that's how she likes it.

It sounds like she has a busier social life than you do!

Well, she's definitely part of my social life. She loves hanging out – she'll go anywhere and

do anything. She's not shy, put it that way!

What are your hopes and dreams for Orla?

Oh my God, just to be happy. You meet so many people who on paper should be happy and they're not and I think that's such an important thing these days. The world is a bit of a frightening place right now, isn't it? I want her to be safe and well and happy, that's all. I don't care what she does for a living.

If she wanted to be an actress, would you encourage her?

At the moment she's too young to even think of what she likes, so who knows, really. I honestly don't care. I don't mind what she wants to do. It'd be ideal if she looked forward to going to work every day like I do.

Would you like to add another child or two to your family?

I don't know really. We're just sort of taking it as it comes. I did think we'd have a few but then I feel very content with Orla. We definitely haven't felt the need yet, put it that way. What will be will be and having a baby you just can't plan, can you?

Katherine

♦♦ **It's the month of love.**
How do you and your
husband Ryan keep the
romance alive?

Oh my God! Nothing conscious, really, I don't think. We really enjoy it just being the three of us and hanging out together as a family, to be honest. Orla's so much fun at the moment and we just wish we could bottle her at this age. When she goes to bed, we like to sit and watch a box set and get a takeaway and stuff. It's a novelty to be indoors! We like to chase the sun too and tend to go on holidays in the winter, not summer. My brother Chris lives in Florida, so sometimes we go there, or Australia, where Ryan's from.

Do you ever turn down
work to make sure
you've got time to
yourself and family?

Yeah, I do, but it's all about finding a balance. I love what I do for a living and I love being a mum and family life. I wish I could split myself in two and do both every

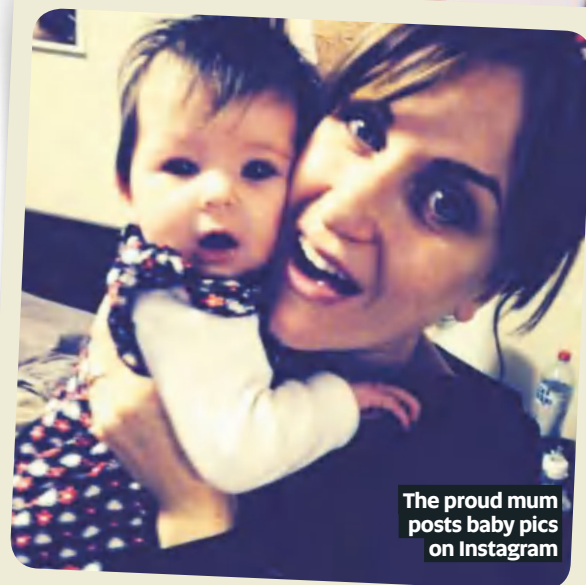

day. But I suspect lots of working parents feel like that.

We're loving Happy Valley. Did
you have to go through any
special training to shoot scenes?

Yeah, it was brilliant! We went to Halifax Police Station and shadowed the detectives. What I love about *Happy Valley* is it's so detailed. When we did our CID training, the detectives said it was the most realistic portrayal of the police force on television. What a compliment.

Has it made you consider
a change of career?

Oh no! It's really, really hard what they see and what they deal with. I don't know how they do it on a day to day basis. Also, the thing that struck me the most was how few policemen and women there are these days. The public should be aware of just how much Government funding has been taken away from the police. I think it would worry a lot of people because it certainly worried me.

Sarah Lancashire [Catherine Cawood] is amazing – she's such a national treasure, so professional and so much fun as well. She's so intelligent and great to be around. I got particularly close to my team too – Vincent Franklin [Andy Shepherd] and Kevin Doyle [John Wadsworth]. I still miss seeing them every day.

Do you reminisce about Corrie with Sarah?

Not really, because we weren't in it together. Say you went to Leeds University and then you meet someone who was at Leeds University 10 years before – there'd be a few people you might both know but truthfully, it could pretty much be a totally different place.

Do you still watch Corrie?

I haven't watched it for ages! The thing is, 7.30pm is my daughter's bedtime. I've tried to watch the live shows but I found it too nerve-racking. I'm still in touch with everybody, like Paula Lane [Kylie], Jenny McAlpine [Fiz] and

Ryan Thomas [Jason]. They all came to Orla's birthday party this year. I'm always texting Alison King [Carla] and Antony Cotton [Sean] comes and stays over. They're life-long friends, like family in many ways, so I don't feel the need to watch it so much when I'm in touch with everybody like I am. I don't even

know half of the characters!

***'I MADE

CORRIE'***

Would you ever go back to the show?

The only thing that would worry me about going back to Corrie is this: I absolutely

loved it so much. I was there for just over four years and it was one of the best times of my life. I'd be worried that going back to it, it wouldn't be the same. A lot of people have left and they're filming at a completely different place now. I wouldn't want anything to spoil the amazing time I had there. Never say never, of course. But that would be my big worry

MOST FLAMBOYANT TUMBLE

Madonna

2015

It all looked so magnificent as the grandma of pop elegantly made her way towards the stage. But then disaster struck. As Madonna ascended the staircase casually trying to untie her cape, she was suddenly yanked back by her dancers, who were unaware that the knot was still tied around her neck. The gasps in the arena could be heard from

space. Was she dead? Nah, not our Madge. She was up in a flash and carried on her performance as if nothing had happened. She blamed the cape, but designer Giorgio Armani hit back saying Madonna had been, er, 'difficult' to work with. Regardless of a few bruises, it was the *only* thing anyone was talking about the next day.

A flying Madonna: Madge even managed to fall with style

AND THE AWARD GOES TO...

The Brit Awards might be about celebrating music, but we only tune in to see who's the drunkest, who has a fight, who falls over and how many F-bombs are dropped. Here, we look back at some of the best Brit gaffes

BEST STAGE INVASION

Jarvis Cocker

1996

Jacko in a Christ-like pose at the 1996 Brit awards...

...only to be upstaged by Jarvis's bum

So there he was, the world's most famous pop star Michael Jackson with his arms outstretched playing the Messiah. Flanking him was an army of squeaky-clean kids singing along to his track Earth Song. All of a sudden, a dark shadow appears on stage and proceeds to waft his bum at the audience. OMG! It's Jarvis bloody Cocker from super-cool indie band Pulp! Cue a comedy-style chase across

the stage, before security get their mitts on him. Jarvis later said: 'My actions were a form of protest at the way Michael Jackson sees himself as some kind of Christ-like figure. The music industry let him indulge his fantasies because of his wealth and power. I just couldn't go along with it any more. It was a spur-of-the-moment decision brought on by boredom and frustration.'

MOST MISMATCHED HOSTS

Samantha Fox & Mick Fleetwood

1989

Whoever thought these two would work as a presenting duo were off their rocker. Tiny Sam and morbid Mick made sure that whoever was watching had their jaw hanging open aghast at this TV car crash.

Top marks for cringe factor go to Sam and Mick

When occasional funnyman Vic Reeves stumbled over his words because of an 'autocue malfunction' as he presented an award, Sharon Osbourne took it upon herself to have a go, screeching at him: 'You're pissed. Piss off, you bastard!' Vic later said he was a wee bit hurt by her foul-mouthed attack.

Sharon losing it with Vic

FOULEST MOUTH

Sharon Osbourne

2008

Once upon a time, rock music was all about rebelling against the establishment. And in 1998, rock rebellion reigned when anarchic band Chumbawamba, who'd opened the show with TubThumping, took it upon themselves to take a political stand by pouring an ice bucket of water over Labour's then Deputy Prime Minister John Prescott. After the shocking event, the band said: 'If John Prescott has the nerve to turn up at events like the Brit Awards in a vain attempt to make new Labour seem cool and trendy, then he deserves all we can throw at him.' The band were lucky they got off as easily as they did. When Prezza got egged in 2001 by a protestor, he lashed out and punched the fella to the ground. Ouch!

One-hit-wonders Chumbawamba certainly left their mark on Prezza

DIRTIEST PROTEST

Brandon Block vs Davina McCall in the battle of the Brit

When actress Thora Birch and Rolling Stone Ronnie Wood presented the award for best soundtrack, worse-for-wear DJ Brandon Block stumbled on stage and started chipping in! It transpired that his wicked mates had led the poor fella to believe his name had been called out, which of course it hadn't. Ronnie told him: 'Get off stage, you c***', and Brandon launched himself at the veteran rocker, only for Ronnie to throw his drink over him.

Russell doing what he does best: offending people

We all know Russell Brand is a clever sod with a habit of ad-libbing. So what did producers expect when he hosted the 2007 Brits? Instead of sticking to the script, he joked about the Queen's 'naughty bits' and Robbie Williams' time in rehab. It was funny, yes, but ITV received over 300 complaints.

A1 winning Best Breakthrough Act

GRUMPIEST OLD SOD

Noel Gallagher

When boy band A1 picked up the award for British Breakthrough Act, they and their fans were thrilled. However, the crowd weren't quite so enthused and booed the poor fellas. And to add insult to injury, when Noel Gallagher presented U2 with an award later, he sniped: 'This awards ceremony has been accused of not having a sense of humour, but when you see A1 winning best newcomer, you know someone's taking the piss.'

Bono and Noel exchanging catty comments

Once upon a time, Take That-er Robbie Williams was happily led astray by growly rockers Oasis at Glastonbury. But then the bezzies fell out and when it came to the 2000 Brit Awards, the boys were at each other's throats. In public! When the Robster won an award, he challenged Liam to a fight, saying: 'Anybody like to see me fight Liam? Would you pay to come and see it? Liam, a hundred grand of your money and a hundred grand of my money. We'll get in a ring and have a fight and you can all watch it on TV – what d'you think about that?' Tough words – but not so tough when the person you're challenging isn't even in the room.

Adele was ecstatic when 21 was named album of the year. As she began to say her thank-yous, host James Corden, who was being harassed by producers, cut her off to introduce Blur to end the show, saying: 'I'm so sorry, I can't believe I'm going to do this...' Adele merely said: 'Oh alright, I'll see you this time next year,' before extending her middle finger to the cameras and storming off.

...who wasn't even at the awards to respond!

From left to right:... oh, sod it!

BEST BRITS PERFORMANCE EVER

This lot!

The mighty Steps, Cleopatra, Billie, B*itched and, um, Tina Cousins performed a sensational Abba medley together. Pop fans adored the concoction. Sadly, the drunken musos found it the most ridiculous thing they'd ever seen. Still a classic!

BEST USE OF A TEA TOWEL

Geri Halliwell & the Spice Girls

1997

Geri kicked off Britpop 19 years ago

It's been 19 years since Geri put the Brit into Brit Awards with her Union Jack dress. The iconic moment almost didn't happen though. The singer decided at the last-minute to 'celebrate being

British' so had her sister Karen sew a patriotic tea towel onto her black Gucci dress. The creation was such a hit it went on to be auctioned for £41,320, which went to a children's charity.

Breeze into Spring!

Our Hero Hunters pick their favourite buys for the new season

It's here at last – and spring's the thing to refresh and revive our poor winter-blasted hearts! With warmer, and hopefully sunnier, weather on its way we can all start to prepare for the gentler months ahead by updating our beauty regimes.

Whether you prefer to follow a meticulous routine or take a more use-it-when-I-need-it approach, our health and beauty experts, the

Hero Hunters, have got some brilliant suggestions for Superdrug own-brand products for you to try. There's a remarkable 3-in-1 cleanser, mask and scrub that will leave your face feeling soft and radiant; a fab straightening crème to smooth your way to the perfect blow-dry, and a bath mitt to buff your body to perfection (well, close, anyway).

And as well as giving you that special Superdrug feeling, the

great news is that all the products are cruelty-free and incredible value. Which means there'll be more cash to stash towards that brilliant summer break you've been secretly dreaming of.

All you'll need to do then is conjure up some sea and sand, and ponder whether to choose a pink Singapore Sling, a green Key Lime Mojito, or a sunny – and more sensible – Pina Colada Mocktail. Oooh, the pressure of decisions!

Invigorate and refresh your skin

PEBBLES SISAL MITT, £2.99

This Sisal Mitt is my shower saviour! At the end of a long day training clients in gyms and in parks, I have to admit I get pretty sweaty and more than a little bit grimy. So a regular shower just won't do. Instead I love to use this mitt

for a deeply exfoliating and invigorating all-over scrub. It's made from completely natural sisal fibres and it works to cleanse and rejuvenate the skin.

To begin with, I dampen the mitt in warm water, then I apply a natural shower gel and massage

it into my body using brisk, circular motions. This simple routine leaves my skin feeling really fresh, clean and silky smooth – just as if I'd had a luxury full-body spa treatment, but without the hefty cost.

CLEARLY YOUTHFUL TRIPLE ACTION CLEANSER, MASK & SCRUB, £4.89 FOR 100ML

This multi-tasking product removes make-up, cleanses, purifies and improves the skin's texture. It's great value, with ingredients including lactic acid – an alpha hydroxy acid (AHA) – which helps reduce acne break-outs, acne scars, the appearance of wrinkles, age-related spots and pigmentation. It also contains exfoliating salicylic acid – a beta hydroxy acid (BHA). Both AHAs and BHAs help to firm skin by promoting collagen growth. Plus it includes Cimicifuga Racemosa root extract and vitamin E for skin conditioning. This combination of exfoliants and humectants delivers both anti-blemish and rejuvenating results. Face care

REFRESHING FOAMING FACIAL WASH FOR NORMAL SKIN, £3.49 FOR 150ML

I'm keen to revamp my skincare regime in time for spring, having previously just used a soap. Can you recommend a product to suit me?
Katie Willson, 33, Kent

Gilly Ferguson: An effective cleanser is paramount in any good skincare regime, but luckily they don't need to come with a premium price tag. Superdrug's Refreshing Foaming Facial Wash for Normal Skin is kind to skin, gently sloughing away dead skin cells and leaving your skin looking visibly refreshed and squeaky clean. Plus its fresh scent will put a skip in your step, no matter what spring throws at you, showers and all. We defy you not to fall a little bit in love with yours!

Robyn, Dorset

Always struggling to reach your target weight? Now is the time to bid farewell to those previous fad diets and actually achieve your health and weight loss goals! By combining nature's ingredients; high quality soya, yogurt and enzyme-rich raw honey, Germany's No.1 meal replacement programme can provide healthy and sustainable weight loss, while supporting overall well-being. Not only can weight loss improve overall physical appearance, it can also bring a host of additional health benefits.

The benefits of Almased®

- Reduces body fat without loss of essential muscle mass¹.

What's in Almased®?

Our unique fermented formula blends three wholesome ingredients.

1 YOGURT

Made from premium quality milk; the calcium present in the yogurt supports normal function of digestive enzymes.

2 SOYA

This plant-based protein can support the maintenance of essential muscle mass. The fact that it's fermented makes it easier for your body to digest and absorb.

3 ENZYME-RICH HONEY

Beyond adding a touch of natural sweetness, this is carefully processed in order to optimise the raw enzymes that are present in Almased®.

So simple to use!

Mix 50g of Almased® with 200-350ml of water or 200ml of low-fat milk and 2tsp of oil rich in essential fatty acids (e.g. olive, flaxseed, rapeseed or walnut).

LUCY WATSON

'It's all about balance for me. Recently, I've cut down on beige food, I've been making smaller portions and I stop eating when I'm full. Try to work out in fun ways, like horseriding or yoga. That way you keep fit without realising you're doing it.'

Oh My Bod.

TOWIE star **Chloe Lewis** 25, shares her top-to-toe health secrets

'It's all about being positive'

HEIGHT: 5FT 6IN
WEIGHT: 9ST 5LB
SIZE: 8-10

What's your favourite workout?

I do a lot of dance classes when I can fit them in and I try to run three times a week.

Do you workout much with your boyfriend [Jake Hall, 25]?

Not at all! I go to my gym and he goes to his. Sometimes at the weekend we might go for a run.

How do you motivate yourself to keep fit?

I think it's about being positive. If you can't be bothered, just do it. You'll feel better for it later on!

Do you follow any fitness-related Instagram accounts?

I follow The Body Coach, Lean In 15 and Australian blogger Natasha Oakley. She's fit looking!

What workout music do you like?

I like anything – sometimes I even listen to Justin Bieber's Love Yourself when I'm cooling down.

What's your favourite body part?

I've got quite a flat stomach – I hold weight more in my legs, so I have to work harder on those.

What's your top tummy move?

I think running is amazing. Even if I run once a week, I feel like I can look at my stomach and think: 'Ooh, I can feel muscle!'

What's your guilty food pleasure?

I've been eating loads at the minute. I like hot cross buns, doughnuts and pastries. Anything with a nice cup of tea!

CHLOE'S FOOD DIARY

Now's expert sports nutritionist **Ollie Frost** gives his verdict on her daily diet

Breakfast

I have yogurt with blueberries or scrambled eggs on a piece of toast.

OLLIE SAYS Opt for Greek yogurt as it's higher in protein and low in calories. Blueberries contain antioxidants that can neutralise free radicals, which are linked to cancer and heart disease.

Lunch

Tuna salad with a sweet potato.

OLLIE SAYS Tuna is high in selenium, to help reduce cardiovascular disease, and protein, which aids muscle growth and repair. A cup of sweet potato will help restore energy balances preventing an afternoon slump.

Dinner

Chicken or another white meat with vegetables.

OLLIE SAYS Chicken or white meat are lean sources of protein – low in fat and high in protein. Filling your plate with veg is a perfect way to increase the volume of food without the additional calories.

Snacks

I'm a biscuit person! I love digestives and Malted Milks – they're unbelievable.

OLLIE SAYS Ditch the biscuits, despite their magic powers. Opt for fruit and nuts instead, which contain high amounts of vitamins and minerals that will increase the feeling of fullness.

TOTAL CALS 1,327 (GDA 2,000)

VERDICT Chloe's diet is generally good, filled with good quality single ingredient foods. However, her calories are too low. This will lead to fatigue and potentially hormonal imbalances. To increase calories slowly, she should include a thumb size portion of dietary fat with each meal, such as avocado, nuts and olive oil. This will help increase her calories to around 1,600-1,700, which is healthier.

IF IT'S YOUR BIRTHDAY THIS WEEK...

Some folks think you're not really clued up, Pisces, or out of the loop so it's easy to get things past you. Not so – if anything gets past you it's because you choose to let it. It's not important. Maybe that's what you need to say out loud – tell them it's not important, you're not bothered. Focus on what or who is important. A year to drop those who really don't get you.

PISCES 20 Feb-20 Mar

There's nothing more romantic than a Full Moon and someone to share it with. However, this particular Moon suggests you have a list of things to discuss with a partner. Go gently.

Deflate gossip now – call for more.
UK: 0905 8171572* IRL: 1560 787912*

GEMINI 22 May-20 Jun

You're still in a travel and career peak. Mercury and Venus want you to see the benefits of expanding your boundaries. Look for well-travelled mentors with encouraging offers.

Call for more on domestic deals.
UK: 0905 8171563* IRL: 1560 787903*

VIRGO 23 Aug-22 Sep

We can't go any further without mentioning the Moon; your annual Full Moon and one that will shift whatever you want it to. I'm talking emotions – what's it to be? Or is that who?

Big changes at work too. Call me.
UK: 0905 8171566* IRL: 1560 787906*

SAGITTARIUS 23 Nov-21 Dec

Playing the knowledge card – that's the way through a tough professional challenge. You may feel like getting nippy, sarcastic even, but your wisdom is all you need to set the competition aside.

Call for more on a flirty love week.
UK: 0905 8171569* IRL: 1560 787909*

ARIES 21 Mar-20 Apr

Thinking about work? How you're going to sort out a drama or maybe you're not so happy with the way a new job is going? Here's the deal: stop, breathe and come to your decision.

Action soothes your soul. Call me.
UK: 0905 8171561* IRL: 1560 787901*

CANCER 21 Jun-22 Jul

Have you noticed how much things cost these days? Mercury and Venus will help you figure out how to increase your wages. First up, someone close suggests the perfect new job for you.

Call for more on big conversations.
UK: 0905 8171564* IRL: 1560 787904*

LIBRA 23 Sep-22 Oct

We all have times when we wish we'd done things differently and sometimes we get the opportunity to go back and do something about it, but will it actually change the future?

Have your say – call for more.
UK: 0905 8171567* IRL: 1560 787907*

CAPRICORN 22 Dec-20 Jan

Money is a challenge right now – a challenge rather than a worry because it seems that's how you're seeing it. You know you can sort it without resorting to old and habits. And you can.

Call for more on travel plans.
UK: 0905 8171570* IRL: 1560 787910*

TAURUS 21 Apr-21 May

Your job is tough and not getting any easier soon but it's rewarding and for all the effort you put in you get double back. Your love life hits an interesting high too, connected to work perhaps?

Beware of gossip. Call me.
UK: 0905 8171562* IRL: 1560 787902*

LEO 23 Jul-22 Aug

Your love life is encouraging you to say what's truly in your heart. If you're not in a relationship, Mercury, Venus and Saturn want to change that: invitations are incoming.

Call for more on a money Full Moon.
UK: 0905 8171565* IRL: 1560 787905*

SCORPIO 23 Oct-22 Nov

On the home front, things look tense and whether it's issues of house moves or family tantrums, you're hardly shying away from it. That's how it should be. Know your own truth and live up to it.

Mates have surprising news. Call me.
UK: 0905 8171568* IRL: 1560 787908*

AQUARIUS 21 Jan-19 Feb

Having flirty Mercury and the lovely Venus in your sign carries some responsibility. Be careful – charming is disarming and could result in new love ways. Are you ready?

How To Be Single

At cinemas 16 February

If you hadn't noticed, it was only ruddy Valentine's Day last week. Now that's over, you're going to love Rebel Wilson's new film. *How To Be Single* is a hilarious take on,

well, being single – just with a lot less of the mushy stuff along the way. And lots of the embarrassing stuff. We meet a group of single New Yorkers trying to find someone – whether it's for ever or just for the night (these are the

Tinder years, after all). Dakota Johnson and Leslie Mann also star in this quirky film, which is way funnier than your average romantic movie. Single or not, you're going to love this one.

CHARLIZE THERON

The Dark Places actress, 40, talks working with British actor Nicholas Hoult and her acting inspirations

Hi Charlize! What made you want to work on Dark Places?

It's really interesting when I get to play a woman who's layered and conflicted and has certain attributes that might not be that attractive – which is part of the human condition. What I'm attracted to is characters who feel truthful to the embodiment of a full woman.

Which actors did you admire when you first started out?

I remember I wanted to be Jack Nicholson in The Shining and Robert De Niro in Taxi Driver... I was like: 'Where are those roles for women?'

Dark Places is your second film with Nicholas Hoult. How do you find working with him?

He's just a really great guy and he's incredibly talented. We joked on Fury Road that we were kind of stuck in the same environment in that entire film because we didn't have that much to do. We just really like each other and he makes being on set fun. There's something about him that I thoroughly enjoy

– and that's working with people who make the experience a great one. I would do every movie with him!

Dark Places is out on Blu-ray and DVD on 22 February

Whatever happened to....?

Nathaniel 'Nate' Richert

He was Sabrina's boyfriend Harvey!

Yup. Nate, now 37, played Melissa Joan Hart's boyfriend Harvey Kinkle in *Sabrina The Teenage Witch*, which was on TV from 1996 to 2003. Safe to say that Nate was definitely one of the main reasons we watched the show – that floppy hair, those dark eyes, that cheeky smile... We were in love!

And since Sabrina?

Aside from cutting off all his hair (sob!), Nate went on to star in various American TV series, including *Fantasy Island*, and films such as *Demon Island* in 2002 and *Lovely & Amazing* the year before. He then turned

his hand to music – did you know he plays the drums, guitar, banjo *and* harmonica?

Has he released any music we'd know?

Probably not, unless you're a serious fan of folk-rock. Nate released an album in 2004 called *Tone Control* alongside bandmate C Duck Anderson and another solo album in 2012 titled *Halogen Moon*. He also performs gigs in small venues around America and appears in various YouTube comedy sketches.

We're guessing he's moved on from chasing Sabrina then?

Absolutely! After dating actress Lindsay Sloane in 1999, Nate then married a theatre actress called Johanna. They soon divorced and he then embarked on a relationship with a photographer called Asia, with whom he has a five-year-old daughter. Forum contributors claim that his relationship with Asia is on and off.

So he's stepped out of the limelight, then?

Well, LA-based Nate doesn't splash his private life all over the media but there are plenty of forums discussing his relationships. Nate 's also a big Twitter fan and even gave his fans a cheeky insight into his texting habits last September when he tweeted: 'My GF's idea of sexting: Might be a little late tonight. I'll keep you updated. Love you. (then) Caution: I'm ovulating. Just so you know.' Naughty!
